BIOGRAPHICAL DATA

Personal Data

Name	Joymee Salaysay Mercado
Birthday	October 24, 1994
Birth Place	Cabanatuan City
Address	Piñahan, General Mamerto Natividad, Nueva Ecija
Parents	Jimmy Espiritu Mercado Lucila Salaysay Mercado

Educational Attainment

Elementary	Piñahan Elementary School Piñahan, General Mamerto Natividad, Nueva Ecija
Secondary	Our Lady of Fatima Academy Poblacion, General Mamerto Natividad, Nueva Ecija
Tertiary	Central Luzon State University Science City of Muñoz, Nueva Ecija

ACKNOWLEDGEMENT

The author would like to express her ocean deep gratitude and warm appreciation to those who rendered their part for the accomplishing and improving of this paper.

First and foremost, to our Almighty God who gave strength, knowledge perseverance and determination to carry on.

To her adviser, Dr. Karl Marx A. Quiazon, for his advice, directions, suggestions, and for his unselfish sharing of knowledge during the development of this manuscript.

To her critic, Professor Rodora M. Bartolome, for sharing her ideas, kindness, guidance and suggestions for the improvement of the draft as well as reviewing of this paper.

To the College Research Coordinator, Ms. Claire Samantha T. Juanico, for her patience and helpful comments to improve and complete this paper.

To the author's classmates, friends, and those who have shared their different moments with her. The author will treasure those moments of her college life.

To Sanar Farm staff and Tan Yau Family, for the whole-hearted acceptance, hospitality, appreciation and for welcoming the author open arms to their place.

Lastly to her parents, Mr. Jimmy E. Mercado and Mrs. Lucila S. Mercado as well as to her siblings Allen and Allan King for serving as her inspiration and for their unending love, care and for supporting the author financially, morally and spiritually.

JOYMEE S. MERCADO

**MONITORING OF WATER QUALITY PARAMETERS IN SANAR MARKETING
FARM IN PUROK 1, SITIO UMBA, BARANGAY BACAY,
DUMANGAS, ILOILO^{1/}**

EXECUTIVE SUMMARY

Field practice was undertaken at Sanar Marketing in Purok 1, Sitio Umba, Barangay Bacay, Dumangas, Iloilo from April 21, 2014- May 23, 2014.

The report focused in the monitoring of water quality parameters such as temperature, dissolved oxygen, pH and ammonia.

The strength and weakness of the farm were also evaluated. Strength of the farm was the regular monitoring of water parameters by the staff to eliminate problems that affect the production. The weakness of the farm was lack of YSI multi parameter apparatus.

^{1/} Undergraduate Field Practice Report presented in partial fulfillment of the requirements for graduation with the degree of Bachelor of Science in Fisheries. Prepared at the Department of Aquaculture, College of Fisheries, Central Luzon State University under the supervision of Dr. Karl Marx A. Quiazon.
