## ACKNOWLEDGEMENT

The researchers would like to express their deepest gratitude to all the people who contributed, helped, and supported them throughout their thesis journey. To Ms. Kristelle S. Lamson, their thesis adviser, for her guidance and help in writing their thesis paper. Also, for her immense knowledge and patience in motivating the researchers to finish their thesis.

To Ms. Jennylynne L. Lubrin, Ms. Celeste D. Dela Cruz, for the comments, advice, and words of wisdom making the thesis more improved. To the respondents of the study, for answering all queries and providing the researcher the information they needed to complete their study. The researchers would also want to give due credit to their families for their unending love and support, which served as their motivation. The researchers' and would like to express their heartfelt gratitude and appreciation for their being there for them from the beginning. To God Almighty for the abilities, talents, and insight and for His unfailing love and direction for their journey, and for providing them with sufficient knowledge to complete each work allocated to them and for guiding them in completing their thesis paper. With His help, they were able to complete the entire research paper throughout the course of the semester.
